

Elevate Expectations

KIOGA is making a positive difference and creating value for the Kansas oil and gas industry. We have learned many things over the past 76 years. One of the most important things we have learned is that we can accomplish more than we realized was possible. Our goal is not to be the biggest industry association, just the most effective; and the key to that is value-added participation. We will achieve our goals because we have the human capital and corporate values essential for the success of any major enterprise.

We have only just begun to capture the value of the opportunities our industry can create!

Join us today! We have only just begun to capture the value of the opportunities that our industry can create. We have elevated our expectations and truly believe our best performance is yet to come!

KIOGA - Voice of the Kansas Independent Petroleum Industry

Who We Are

Founded in 1937, the Kansas Independent Oil & Gas Association (KIOGA) is a nonprofit member organization representing oil and gas producers in Kansas, as well as allied service and supply companies. The purpose of KIOGA, as stated in the original articles of incorporation, is "... to improve the market for oil and gas produced in Kansas and to promote the welfare of the oil and gas industry in the State of Kansas."

KIOGA represents the interests of the oil and gas industry at the local, state, and federal levels of government. KIOGA is committed to ensuring that tomorrow's economic climate will be one in which our members can grow and prosper. Our active presence before the Kansas Legislature, U.S. Congress, and state and federal regulatory agencies means that the concerns of independents like you are foremost in the minds of legislators and government officials. Our cooperative partnerships with the Domestic Energy Producers Alliance (DEPA), Independent Petroleum Association of America

KIOGA
Voice of the Kansas
Independent Petroleum
Industry

(IPAA), and the Interstate Oil & Gas Compact Commission (IOGCC) means the concerns of Kansas independent oil and gas producers are heard in Topeka as well as Washington.

Our past successes have been due to the spirit and commitment of the Kansas oil and gas industry. That same spirit and commitment will carry us into the future.

Membership in KIOGA Gives You:

A United Voice in Topeka & Washington

Few independent businesses have the budget, time, and expertise to individually tackle issues at the federal, state, and local levels of government as well as regulatory issues. KIOGA is the government relations branch for each of our members. Our personal and frequent contacts with key legislators and decision-makers effectively influence public policy on behalf of KIOGA members.

Access to Legislative & Business Information

Whether you need to know how to comply with the latest laws and regulations or need legislative updates on pending issues, KIOGA provides you timely information

that can affect your company's profit and growth opportunities. KIOGA members receive analyses and publications that help them keep their business competitive and current on industry trends and issues including the KIOGA Newsletter, *KIOGA Express* email service, and *The American Oil & Gas Reporter* magazine to name a few.

A Way to Build Public Understanding

As the oil and gas industry continues to face enormous challenges of providing adequate and reliable energy supplies, an informed public has never been more necessary. Join our efforts to fight the negative public image that has made voters and policymakers unsympathetic to major problems confronting independent oil and gas producers.

Why We Can Win

Our industry faces many challenges. Thanks to KIOGA members, voters and policymakers are learning that the oil and gas industry is working for them, the economy, and the environment. KIOGA advances in the name of the industry pausing only to acknowledge the accomplishments of our members whose support makes our efforts possible.

If you are not a member of KIOGA, we encourage you to join. Through KIOGA you can play a significant role in our efforts to win the political battles in Topeka and Washington and the public relations battle in the court of public opinion. Be a part of the solution. Join us today! Your membership does make a difference and is the reason **why we can win!**
