Welcome to Reilly’s

Kioga 82nd Annual Convention
August 11-13, 2019
On behalf of the Kansas Independent Oil & Gas Association (KIOGA), let us be the first to welcome you back to Wichita and the Century II Performing Arts & Convention Center. We are pleased that you have chosen to join us for KIOGA's 82nd Annual Convention.

Eighty-two years ago, in 1937, a small group of determined independent producers gathered and created KIOGA. Since then, KIOGA has grown to an organization of more than 4,000 members. Through KIOGA’s active volunteer leaders, we have combined business savvy with political skills to keep the Kansas independent oil and gas industry alive and thriving.

Over the next few days, we will learn more about the issues that confront our businesses – from examining what new opportunities await our industry to learning new ways of tackling familiar challenges. We have an exceptional roster of plenary speakers, panel discussions, and seminars that will address some of the most important issues currently facing the industry and your business. And as always, our trade show and expo provides an unparalleled opportunity to connect and network with industry peers and leading service providers who share your concerns and interests. Whether you’re an industry veteran or just starting your career, the KIOGA 82nd Annual Convention is a can’t miss event.

KIOGA, and its members and allies, are now as busy, relevant and strong in our efforts as at any time in the association’s history. Of course, it has always been KIOGA members as leaders in this industry that have driven our success and set the way for creating a thriving network of advocacy and information that we are now able to exercise and expand upon.

Please take a minute to register today. We are grateful to have you join us as we prepare for the work ahead. Thanks to your efforts and support, KIOGA continues to be recognized in the industry, Topeka, and Washington as the voice of the Kansas independent petroleum industry.

MONDAY BREAKFAST  7:30 a.m.

Convention Hall - “Energy’s False “Moral Panic”
Mark Mathis | President of Clear Energy Alliance

How much do politicians, news organizations and others who are hyperventilating about energy consumption and climate change actually know about these contentious issues? Not much. We shouldn’t just be skeptical of the science of climate change, but also the cynical manipulation of people everywhere for political, economic and ideological reasons.

MORNING BREAKOUT SESSIONS  10:00 a.m. - 11:00 a.m.

Cypress Room A,B - “What’s Next for Our Nation’s Energy Policy”
Panelists: Pat Roberts | U.S. Senator

Your participation with questions or comments for the panelists is encouraged.

Dawn Monroe | Owner Dawn Monroe Training

MOS Master, Dawn Monroe, returns to the annual meeting with Microsoft Excel tricks to manipulate data and save you time. She will demonstrate Conditional Formatting, Charting, Mapping features, Sparklines and Data Validation.
MONDAY MEMBERSHIP LUNCHEON  12:30 p.m.

Convention Hall - “The Green New Deal: Crippling Costs for Zero Benefits”
Greg Wrightstone | Author of Inconvenient Facts - the science that Al Gore doesn’t want you to know

The proposed Green New Deal (GND) would impose huge costs on the citizens and businesses of the United States while burdening them with additional levels of restrictions and regulations. The plan itself is based on faulty assumptions about what may or may not occur decades in the future that are based on highly flawed climate models. We find, instead, that many of the predicted climate catastrophes are actually improving and benefitting the Earth’s ecosystems and humankind. We will see that the Earth and humanity are prospering and thriving thanks to our changing climate.

AFTERNOON BREAKOUT SESSIONS      3:00 p.m. - 4:00 p.m.

Redbud Room B,C- “KIOGA Association Health Insurance Plan”
Ken White | White Exploration, Inc.
Jamie McDonald | Hays Companies of Kansas

The new availability of Association Health Plans (ASP’s) is one of the most important developments in Kansas for small business. With the passing of HB2209, Kansas has changed its definition of “small business” to allow our association and member companies to participate as a single large employer for health insurance. Our goal for KIOGA members is to take advantage of the accompanying reduced costs and increased access to more reasonably priced health insurance.

Cypress Room A, B- “Mitigating and Managing your Risk through proper Land Work”
Panelists: Will Boon | Wildcat Resources
           Nick Hess | Cobalt Energy, LLC
           Nate Jiwanlal | Trans-Pacific Oil Corporation

Moderator: Michael Pisciotte | Murfin Drilling Co., Inc.

Have you ever wondered what a landman really does? Will Boone, CPL, President of Wildcat Resources, Inc., Nicholas Hess, CPL, President of Cobalt Energy, LLC, and Nathan Jiwanlal, Legal Counsel and Land Manager for Trans Pacific Oil Corporation, will discuss the land professional’s role from the generation of an original prospect, through pre and post-drilling operations, and in the acquisition and divestiture of producing and non-producing oil and gas assets. Learn how professional land work will make your prospect more valuable, operations run more smoothly, and increase the value of your assets by attending this presentation and panel, moderated by Michael Pisciotte, CPL and Land Manager at Murfin Drilling Company, Inc.
